POWERFUL SYNERGIES FOR OUR ELECTRIC FUTURE

SEPTEMBER 21-23, 2022

Ontario Power Generation

2022 Canadian Waterpower Week

September 21-23, 2022 | Toronto, Ontario

Powerful Synergies for our Electric Future

Energy transition is one of the most urgent and complex challenges on the path to Canada's resilient economic future, with significant electricity expansion being central to our success.

Through the theme "Powerful Synergies for our Electric Future," the 2022 Canadian Waterpower Week will explore the power of collaboration between businesses and technologies, energy resources and regions, and projects and people to maximize opportunities and minimize risks. We're thrilled to have industry leaders and seasoned experts exploring where opportunities for cooperation exist, to accelerate progress toward our electric future.

Westin Toronto Harbour Castle | Toronto

Who Attends?

Decision-makers and professionals from leading hydropower and electricity generation, transmission and storage companies

Key policy and business influencers (including government, academia, and not-for-profits)

Experts and practitioners from project and infrastructure engineering, construction, professional service, and equipment providers

Energy transition, electrification, green hydrogen and clean fuels allies

Top 3 Reasons to Sponsor and Exhibit

01.
